Key Personnel Biosketches

Charles Sims - Project Director (50% effort, volunteer)

Charles Sims is the Founder & CEO of SkaFId Studio and creator of the SkaFId Ideation Methodology for executing high-pressure transformation projects within tight timeframes. His approach emphasizes rapid iteration, stakeholder alignment, and measurable outcome delivery.

Role: Strategic direction, technology leadership, employer partnerships, program design.

Relevant Experience

- Former CTO, LA Clippers & UTA (United Talent Agency). Led technology transformation initiatives across major sports and entertainment organizations.
- Developed frameworks for integrating emerging technology into established organizational workflows.
- NYU-educated with deep understanding of educational systems and workforce development.
- **ESEDC:** Board Member, El Segundo Economic Development Committee. Direct community ties to the pilot district and local employer ecosystem.

Keith Coleman - Strategy and Partnerships (40% effort, volunteer)

Keith Coleman brings the policy and strategy awareness essential for responsible AI deployment - complementing technical AI skills with governance understanding and ethical considerations. His career spans workforce development and building bridges between education, industry, and policy.

Role: Stanford liaison, policy & strategy expertise, workforce development, equity oversight.

Relevant Experience

- Stanford BA Economics '86. Deep ties to Stanford's innovation ecosystem and interdisciplinary approach to learning.
- Advisory Scholar, mediaX at Stanford. Connected researchers and industry practitioners to explore how human insight and technology interaction shape the future of work.
- UN Joint SDG Fund Breakthrough Alliance Co-Chair. Overseeing \$290M+ portfolio across 150+ countries, bringing global perspective on education and workforce development.
- Stanford Angels & Entrepreneurs of SoCal Co-Founder and VP of Impact. Built a community connecting Stanford alumni with early-stage ventures, fostering mentorship and investment in education and technology innovation across Southern California.
- Capitol Partners General Partner. 17 years experience in economic opportunity, aerospace/defense coalition building, and policy-aware technology deployment.
- Delegate Assembly, CA School Boards Association. Direct experience with California education governance and district-level decision making.

Mike Belloli - Technology and Operations (30% effort, volunteer)

Mike Belloli is COO of SkaFId Studio, Co-Founder of Lyfe AI & Defy Mortgage, and a full-stack developer and architect. He manages financials, pitch strategy, and digital infrastructure for the SkaFId Trailhead platform, ensuring operational excellence across all technical and business domains.

Role: Platform strategy, financial modeling, digital infrastructure, data privacy compliance.

Relevant Experience

- Full-stack development and technical architecture for the SkaFId Trailhead platform.
- Management of financial models, investor materials, and digital presence.
- Expert in educational data privacy (COPPA/FERPA) and secure AI implementation.
